

Baseball Sets A Smashing School Record

Varsity

The 1971 Evergreen baseball team was composed of mostly underclassmen. There was a total of 17 players and only 3 were seniors. Although the overall record for the season was seven wins and eight losses the Evergreens showed great spirit and enthusiasm with a strong attitude to win. The seven wins by the Evergreens were the most ever compiled by an Everest team. Senior Len Purull led all hitters with a brilliant .383 batting average, enabling him to be voted the most valuable player on the team.
